

Triennial DBE Goal Methodology Public Outreach

The San Bernardino International Airport Authority (Airport) has prepared its draft proposed overall Disadvantaged Business Enterprise (DBE) goal in accordance with 49 CFR Part 26.45(g) for the triennial period between October 1, 2027 through September 30, 2027. The overall DBE goal represents the percentage of work anticipated to be performed by certified DBE firms on Federal Aviation Administration (FAA)-assisted projects during the triennial period. The methodology used to determine the proposed goal will be available for public inspection for at least thirty (30) days from the date of the original posting on the Airport website.

The Airport has prepared the following questions for you to consider in determining information you may have available or that could be useful as part of the consultation. Any feedback or comments you may have will be used to further enrich our DBE Program Plan activities.

Comments may be submitted via email to mbeltran@sbdairport.com no later than September 27, 2024.

1. Are you aware of or have you experienced any specific barriers toward DBEs in competing for federally funded contracts?
2. Has your firm experienced discrimination in the process of competing for government contracts? If yes, please explain.
3. Do you have any recommendations for methods of outreach to increase small and disadvantaged business participation?
4. Have you participated in any DBE or small business specific training, workshops, or outreach events locally? If so, please list the event and hosting organization, and provide feedback on the value of the event.
5. Do you use any other eProcurement systems to compete for contracts with any other agencies?
6. What is your overall opinion of eProcurement systems?
7. Have you recently worked with DBEs or other small businesses on pursuing contracts? If so, please describe your experience.
8. Do you have any recommendations for encouraging prime contractors to utilize DBEs and other small businesses on their contracting teams?
